S I R :

This application was filed January 14, 2002. We are advised that an action may not be issued until January 2006. Because this would represent a four-year delay, this paper is being filed to avoid any question as to the monitoring of this application by the attorney of record.

In particular it is noted that the private Pair System has been monitored for activity and that telephone calls to the Patent Office have been made, including calls at the end of 2002,

at the end of 2003 (when we were advised that an action would not be issued before late 2004 or early 2005); and more recently in August 2005.

If issues are raised which might be expedited by a telephone call to the below-named attorney, it is requested that the below-named attorney be contacted by telephone to determine if the issues can be resolved.
